## Judging

You know, I'll see a person walking down the street and my thing is to judge them, that would be most people's first thing to do is to judge them by what they see instead of actually taking time to stop that person, stop that individual, whoever it may be and say "Excuse me, may I ask you a question? You know, I'm just wondering, I see you walking down the street all the time and what is it like?" You know people don't take the chance to get to know you. We prejudge people. We judge people for what we don't see them do instead of what we do see them trying to do. The Bible says that whatever measure you use to judge will be used back against you - while I judge a person like that, somebody else is going to judge me the same way. **-Anthony Jones**
